TIGER SPORT

Wherever your adventure takes you, the Tiger Sport takes you there in style, with a ride that is deserving of its name.

The latest generation Triumph signature 1050cc triple engine delivers you a smooth, responsive, sporty performance, while its chassis and suspension has been developed to deliver a dynamic yet incredibly comfortable ride. Rider-focused technology including ride-by-wire throttle and Rider Modes, torque assist clutch, multi-level traction control, cruise control and ABS lets you cover the miles with ease.

From a five minute trip to the shops or 500 miles across the country: the Tiger Sport lets you enjoy a relaxing ride or push on through the twisties, the Tiger Sport really is for the ride.
